

WORKKEYS PREP

FREE Career Readiness Prep Course

Instructions:

- Get individual student password from high school administrator or teacher.
- Website Address: winlearning.com
- Go to top/left of page: “Log In”
- Select: “WIN Career Readiness System”
- Enter in student username (example: john.smith@stu.floyd.kyschools.us) & password (provided by each high school)
- Students can log into:
“Career Readiness” under courses (for WORKKEYS prep)
- Select one of the three tests to begin coursework.
- Each student will take a “placement test” to determine the level of coursework.

Allow enough time to finish each “placement test”, *in the event of restarting the test, no answers will be saved.* The level of coursework for each student will be based on the results of the “placement test”.

The practice courses will prepare students for the three tested areas of the WorkKeys: Applied Mathematics, Locating Information, & Reading for Information.

About WIN Learning:

- FREE Test Prep
- Coursework designed specifically for individual student needs
- Aligned with the Career Readiness WorkKeys Test
